

USHER REPORT

The ushers finished the year with one new volunteer who will be starting in February. This means that if we have one more volunteer we will have at least 2 ushers for each 10:30 service.

Ideally, we should have three ushers at each Holy Eucharist service, using one to ensure the safety of individuals navigating the steps to the altar. Fortunately we have some stalwarts that will jump in and assist with the worship service. We still would like to have more family participation, especially couples or adult/young adult combos. Typically we serve every 5 to 6 weeks, so more ushers means more time between "having the duty". Contact Tom Meiser via the [church office](#) at 301-863-8551 if you can participate. Thanks.
